RE: REQUEST FOR SOLE SOURCE AWARD

Pursuant to Section 103D-306, Hawaii Revised Statutes, and Subchapter 9, Chapter 3-122 of the Hawaii Administrative Rules, I am requesting that a sole source award be approved to purchase the following:

Vendor Name & address: Johnson Controls Inc.
420 Waiakamilo Road, Suite 101
Honolulu, HI 96817

Amount of the contract: \$13,954.00

Term of the contract: Twelve (12) month period as specified on the Notice to Proceed

Prior sole source contract numbers and dates: C16561002; June 9, 2016

Description of the goods to be purchased:

This contract is to provide preventative maintenance and energy management consultation services for the Johnson Controls Energy Management Control System (EMCS) for our chilled water central air conditioning system which services the Public Service Building (PSB) and a section of the Engineering Building.

Explanation how the unique features, characteristics or capabilities are essential for the BWS to accomplish its work:

The EMCS that provides the management controls and monitoring system for the entire central air conditioning system and software is proprietary. As a proprietary system, all servicing, software updates, system calibrations, and other EMCS functions can only be provided by Johnson Controls, Inc. It is imperative to have this service contract in place to insure the operation and reliability of the central air conditioning system.

Other possible sources for the goods that were investigated but do not meet the BWS's needs

None. This is a Johnson Controls, Inc proprietary EMCS system.

I certify that the information provided above is to the best of my knowledge, true, correct and that the goods described above are available through only one (1) source.
